

## HOW WOULD YOU LIKE TO . . .

- Increase your business?
- Shorten your sales cycle?
- Increase your closing rate?

### IFMA'S MONTHLY NETWORKING BREAKFAST CAN HELP YOU TO ACHIEVE THOSE GOALS

*Networking is an added income stream* that comes from personal introductions, which are provided by your trusted Networking Breakfast group. Each group is made up of four members who help each other find quality business opportunities by introducing them to their clients or colleagues. The monthly meetings are brief: approximately one hour; personal introductions are required; no industry conflicts in any group. Quality, not quantity is the focus.
